AIM Observational Assessment	X	X	Frog Street AIM Observational Assessment for children ages birth to five is a tool designed to guide a child’s progress toward kindergarten readiness using evidence-based continuous progress monitoring. 60 Learning Progression indicators are classified into four developmental domains: Social Foundations; Language & Literacy; Cognition (Math, Science, Social Studies); Perceptual, Physical, and Motor Development https://www.frogstreet.com/curriculum/aim-observational-assessment/	Frogstreet Press; ©2022
Assessment, Evaluation, and Programming System for Infants and Children; Second Edition (AEPS)	X	X	AEPS assesses children across six major developmental areas—fine motor, gross motor, cognitive, adaptive, social-communication, and social. The assessment encompasses preacademic content areas such as preliteracy, numeracy, and pre-writing. <i>Brookes Publishing. (2015). Retrieved from: http://www.brookespublishing.com/resource-center/screening-and-assessment/aeps/</i>	Brookes Publishing; ©2002
Brainerd Public Schools Early Childhood Assessment Kit		X	The purpose of the Brainerd Public Schools Early Childhood Assessment Kit is to assess students' achievements, identify strengths and weaknesses in order to plan instruction appropriately. This assessment is used at least twice a year to communicate student progress with families. Used with other data, it may support the decision for a special education evaluation.	©2006
Brigance Inventory of Early Development II	X	X	The BRIGANCE® Inventory of Early Development II (IED II) can be used to identify students' present level of performance and monitor progress, allowing educators to assess the strengths and needs of students functioning below the developmental age of 7. <i>Curriculum Associates. (2010). Retrieved from: http://www.curriculumassociates.com/products/detail.aspx?title=BrigIED2</i>	Curriculum Associates; ©2010

Brigance Inventory of Early Development III	X	X	Monitor individual progress toward early learning standards or foundations and plan developmentally appropriate, individualized instruction. The comprehensive, user-friendly BRIGANCE Early Childhood Developmental Inventory provides teachers with a flexible, valid, and reliable ongoing assessment of school-readiness skills. <i>Curriculum Associates. (2013). Retrieved from: http://www.curriculumassociates.com/products/detail.aspx?title=BrigSE-IED3-sum</i>	Curriculum Associates; ©2013
Core Knowledge Preschool Assessment Kit		X	The Preschool Assessment Kit provides the materials needed to assess each of the critical skills found in the Core Knowledge Preschool Assessment Tool. An assessment activity can be found for each skill including Autonomy and Social Skills, Oral Language, Early Literacy Skills in Reading and Writing, Math, and Science. Each activity contains detailed directions as well as rating criteria to make assessment a breeze. This kit makes it easy for a teacher to assess a student with minimum preparation. The kit can be used for both pre- and post- testing to monitor student achievement. <i>Core Knowledge Foundation. (2009). Early Learning Scale		X	This assessment offers a practical tool for assessing the progress of children ages 3 to 5 toward school readiness. Developed by the National Institute for Early Education Research (NIEER), the ELS integrates with any curriculum & supports the needs of all students, including English Language Learners, advanced learners & children with special needs. The observation-based assessment integrates into daily activities and allows teachers of all experience levels to collect data. It provides materials to evaluate up to 25 students in Language & Literacy, Math/Science & Social-Emotional/Social Studies, including a DVD & guidebook with implementation tips, child portfolios & notepads for documenting data, a family guide with at-home activities. <i>Lakeshore Learning. (2011).</i>	Lakeshore Learning; ©2011
Experience Early Learning Assessment System			<p>The Experience Early Learning Assessment System includes resources to help document your child’s learning progress through natural and intentional observations.</p> <p>A variety of tools support educators as they authentically assess their children when using Experience Curriculum:</p> <ul style="list-style-type: none"> • Monthly Assessment Planning Toolkit • Daily Star Assessment Activity with Demonstration Videos • Developmental Skill Continuum • Weekly Activity Skills Chart <p>https://www.mothergoostime.com/assessment/</p>	Experience Early Learning Co.; ©2020
Focused Portfolios	X	X	This book helps you assess children's progress in four areas (Favorites, Friends, Family, and Developmental Milestones). It includes a complete introduction to the Focused Portfolios™ method, many step-by-step examples, and all the forms for portfolio collection. Especially designed for inclusive classrooms, this text is perfect for beginning or experienced teachers. It's also an excellent parent communication tool. <i>Redleaf Press. FunShine Express - Buttercups and Fireflies Assessment	X	X	Simplify your day even more with authentic assessment that is based on observation and integrated in our curriculum. We provide guidance to help you know what to assess. Suggestions are embedded into activities to help you know what skills to look for as you make observations. Child Progress Reports help you track it all and prep for parent meetings! FunShine Express. (2021). Retrieved from https://www.funshineexpress.com/assessment.html	FunShine Express; ©2021
GOLD® For more information, please go to https://teachingstrategies.com/state/minnesota/ (This is a KEP-approved assessment.)	X	X	GOLD® is a developmentally appropriate, criterion-referenced system for assessing the knowledge, skills, and behaviors of children from birth through third grade. GOLD® blends ongoing, authentic, observational assessment in all areas of development and learning that are necessary for success in school. Items include intentional, focused, performance-assessment tasks for selected predictors of school success, gleaned from the research literature in the major areas of development and learning. It can be used to assess all children, including children who are developing typically, children with disabilities, and children who demonstrate competencies beyond typical developmental expectations. https://teachingstrategies.com/solutions/assess/gold/	Teaching Strategies LLC., ©2016
Hawaii Early Learning Profile 0-3 (HELP)	X		HELP 0-3 is widely recognized as a comprehensive, on-going, family centered curriculum-based assessment process for infants and toddlers and their families. Includes comprehensive assessment information for each of the 685 skills, including a definition, observation guidelines, play-based assessment procedures, and credit criteria. The criteria provide a necessary basis for consistent assessment across staff and between programs. Vort Corporation. (2015). Retrieved from: https://www.vort.com/home.php?cat=1	Vort Corporation; ©1992-2006
Hawaii Early Learning Profile 3-6 (HELP) - 2nd Edition		X	HELP 3-6 (2nd Edition) is a comprehensive, on-going, curriculum-based assessment for use with young children and their families. Provides detailed assessment procedures, definitions, tips on group observation and assessment, and credit criteria. Vort Corporation. (2015). Retrieved from: https://www.vort.com/home.php?cat=2	Vort Corporation; ©2010

World of Wonders		X	World of Wonders is an early childhood literacy program that provides developmentally appropriate instruction for young learners, ages 3 to 5, including cross-curricular activities, focus on socio-emotional development, and preparation for kindergarten and beyond. <i>McGraw Hill Education. (2019). Retrieved from: https://www.mheducation.com/prek-12/program/world-wonders2017/MKTSP-BGA04M01.html?page=1&sortby=title&order=asc&bu=seq</i>	McGraw Hill Education
Tools to be used a part of a bundle:				
Devereux Early Childhood Assessment for Preschool (DECA)/ Second Edition Social and Emotional domain only; Must be used as part of a bundle.		X	The Devereux Early Childhood Assessment Preschool Program, 2nd Edition, is a strength-based assessment and planning system is designed to promote resilience in children ages 3 through 5. The kit includes a nationally standardized, strength-based assessment (DECA-P2) along with strategy guides for early childhood educators and families. <i>Devereux Foundation. (2012). The Devereux Early Childhood Assessment Preschool Program, Second Edition. Retrieved from: https://centerforresilientchildren.org/home/allresources/</i>	The Devereux Foundation

Name of Assessment / Edition Number / Guidebook Title	Infant/ Toddler	Preschool/ Pre-K	Description of goals/theoretical background (citations if needed)	Publisher; Copyright Date
Devereux Early Childhood Assessment for Infants and Toddlers (DECA-IT) Social and Emotional domain only; Must be used as part of a bundle.	X		The Devereux Early Childhood Assessment for Infants and Toddlers (DECA-I/T) may be completed by both parents and caregivers and provides data to promote young children’s social and emotional development. Strategy resources for professionals and families are designed to ensure that screening and assessment data is incorporated into planning efforts for the home and care settings that strengthen children’s protective factors. <i>Devereux Foundation. (2012). DCRC's Infant and Toddler Initiative. Retrieved from http://www.centerforresilientchildren.org/infants/</i>	The Devereux Foundation
Growing with Mathematics Cognitive domain only; Must be used as part of a bundle.		X	The Growing with Mathematics Pre-K program integrates the best practices of both early childhood education and mathematics education. Its development was informed by the key research that has provided insights into how young children learn and the factors that make early mathematics education effective and successful. <i>McGraw Hill Education. (2015). Growing with Mathematics. https://www.mheducation.com/prek-12/program/growing-mathematics2008/MKTSP-WAG03M0.html?page=1&sortby=title&order=asc&producttype= Instructor%20Materials&excludeFilter=PRODUCT_TYPE_PATH&bu=seq#plpProgramComponent</i>	McGraw Hill Education; ©2001
Handwriting Without Tears: Get Set for School Language and Literacy domain only; Must be used as part of a bundle.		X	Get Set for School® Pre-K readiness assessments are free, easy to administer screeners that help you identify what your children know and can do, and easily share information with families and other educators. Each assessment takes just 10-15 minutes. Assessing young children should be observational and holistic, impacting your hands-on instructional time as little as possible. We recommend screening your children 3 times a year: at the beginning, middle and end of their Pre-K year. Pre-K teachers, therapists and parents can use the Get Set for School Pre-K Assessments. The assessments are universal, and developmentally appropriate for children ages 4-5. <i>Handwriting Without Tears. (2015). Check Pre-K readiness with our free assessments. Retrieved from http://www.hwtears.com/gss/prek-assessment</i>	Handwriting Without Tears
Individual Growth and Development Indicators (IGDIs)/1st Edition	X	X	Originally known as "Get it, Got it, Go".	Early Learning Labs, Inc.

Minnesota Executive Functioning Scale (MEFS) Approaches to Learning domain only; Must be used as part of a bundle. Approaches to Learning is an optional domain.	X (two years of age and up)	X	<p>With traditional rating-scale assessments, the results are subjective and prone to bias. Subjective results are generally not sensitive to change. This kindergarten and early learning executive functioning app provides results and is sensitive to change. This allows you to:</p> <ul style="list-style-type: none"> • Test groups of students with similar backgrounds, obtaining differentiated results • Test students over time to measure growth and effectiveness of teaching methods, curricula, and interventions <p>The MEFS App takes 5 minutes to complete and is easy to test multiple times throughout the year. It allows you to track data over time and use it to inform your teaching practices. <i>Reflection Sciences. (2019). Retrieved from https://reflectionsociences.com/mefs-app/</i></p>	Reflection Sciences, Inc; ©2019
my IGDIs Early Literacy+Screening/Second Edition Language and Literacy domain only; Must be used as part of a bundle.		X	<p>The Early Literacy IGDIs were recently revised at the University of Minnesota. Through a rigorous process, the new assessments were constructed using Item Response Theory – a modern approach to test design. As opposed to Classical Test Theory, Item Response Theory assumes an “ability” that is invariant in characteristics across individuals and time. In short, the revised literacy measures offer a highly precise method of locating an individual on an ability-based scale aligned with important instructional decisions. As part of a multi-tiered model in early childhood, the Early Literacy IGDIs were developed to inform decisions about whether children are demonstrating adequate levels of performance given the general level of instruction (Tier 1), or if their performance indicates a need for more intense levels of instruction (Tier 2 or Tier 3). Online and manual components available. <i>Early Learning Labs, Inc. (2015). Early Literacy Assessments. Retrieved from http://www.myiqdis.com/preschool-assessments/early-literacy-assessments/</i></p>	Early Learning Labs, Inc.
My IGDIs Early Numeracy/First Edition Cognitive domain only; Must be used as part of a bundle.		X	<p>Developed at the University of Memphis, the Individual Growth & Development Indicators of Early Numeracy enable early childhood instructors to collect and monitor important information regarding early mathematics and number skill acquisition. <i>Early Learning Labs, Inc. (2015). Early Numeracy Assessments. Retrieved from http://www.myiqdis.com/preschool-assessments/early-numeracy-assessments/</i></p>	Early Learning Labs, Inc.

Preschool Early Literacy Indicators (PELI) Language and Literacy domain only; Must be used a part of a bundle.		X	The Preschool Early Literacy Indicator (PELI) is a storybook-embedded assessment of essential pre-literacy and oral language skills needed for kindergarten. The assessment is designed to identify children who are experiencing difficulties acquiring these skills with intent to provide the instructional support needed to improve future reading outcomes. The assessment is designed for preschool and pre-kindergarten students (ages 3-5). PELI measures alphabet knowledge, vocabulary and oral language, phonological awareness, and listening comprehension. <i>Dynamic Measurement Group. (2015).</i> https://acadiencelarning.org/peli.html	Dynamic Measurement Group
Splash Into Pre-K: Early Growth Indicators Benchmark Assessment Cognitive and Language and Literacy domains; Must be used as part of a bundle.		X	Part of the Houghton Mifflin Pre-K curriculum: The Early Growth Indicators Benchmark Assessment (EGIBA) is a series of brief assessment activities designed to measure a selected set of preschool skills that are critical for later school success. The foundational skills the EGIBA evaluates—phonological awareness, letter knowledge, vocabulary, oral language skills, and number sense—have been shown to be strong predictors of academic success. The assessment is made up of seven Early Growth Indicators, each of which takes one to two minutes to administer in a one-on-one setting. The EGIBA itself is administered at the beginning, middle, and end of the year. <i>Houghton Mifflin. (2015).</i> <i>Assessment.</i> https://www.hmhco.com/programs/biq-day-for-prek	Houghton Mifflin
Splash into Pre-K Language and Literacy, Approaches to Learning, Creativity and the Arts, and Cognitive Development domains; Must be used as part of a bundle.		X	https://www.hmhco.com/programs/biq-day-for-prek	Houghton Mifflin Harcourt
